REPEAL THE  
**16<sup>TH</sup>**  
AMENDMENT

"Property & Wealth are Rights,  
and Rights cannot be Taxed."

# The Income Tax System Does Not Work.

- The Income Tax system will never collect enough taxes to pay the budget.
- The Income Tax system will never collect enough taxes to start to pay down the debt.
- The Income Tax system will always over tax citizens income and wealth making middle class growth practically impossible.
- The Income Tax system is in direct opposition of economic positive cash flow.

# The Income Tax System Does Not Work.

In addition, here are a few more detriments:

- In opposition of the founding principles of the United States.
- Practically all citizens hate income taxes.
- Over bearing with 6871 pages of laws.
- Inefficient on all levels of operation.

# How To Jump Start Economy

Replace our current Income Tax System with a Cash Flow Friendly Tax System.

All economist agree - the best tax system is:

- A tax system that creates positive cash flow for the economy.
- Only one tax system at the lowest tax rate possible with the least amount of rules, regulations, and laws.
- A neutral, non-regressive, non-progressive, apolitical, and nonpartisan tax system.
- Will equally divide the federal budget by the largest common denominator (the broadest base possible, all-total sales of goods, services, and financial transactions of all segments of the economy) to create the lowest tax rate possible (1-5%).
- That has little or no negative effect on the economy.

# Citizens' Tax Bill of Rights National Broad Base Tax Amendment

Broad Base "Pay-As-You-Go" Sales of Goods & Services,  
and Financial Transactions Tax Amendment.

"Property & Wealth are Rights,  
and Rights cannot be Taxed."

# The Amendment

## PROPOSED

"NOW-TAX" - Broad Base Sales of Goods & Services and Financial Transactions Tax™ Amendment (NSSTT) - United States Citizens' Tax Bill Of Rights

Preamble - In order for all United States citizens to have an equal opportunity to life, liberty, property, wealth, and individual sovereignty - the pursuit of happiness - it is time for a Citizens' Tax Bill of Rights. One tax system that will fairly shift taxes to all segments of our economy.

# The Amendment

A sole/single, neutral, non-progressive, non-regressive, apolitical, and nonpartisan tax collection system. One tax system with the least amount of rules, regulations, and laws. A tax system that spreads the cost of the federal budget over the largest common denominator (the broadest base possible, all/total sales of goods, services, and financial transactions of all segments of the economy) divided into the federal budget to create the lowest possible with the least negative effect on the economy. The largest common denominator means the broadest base possible, all sales of goods & services\*, and financial transactions from all segments of the economy: all citizens, non-citizens, consumers, organizations, enterprises, and businesses. (Excluding internal money/funds transferred in personal or business financial accounts e.g. bank accounts, etc.).\*After the calculation of Total Economy of Sale of Goods, Services, and Transactions selected essential goods & services may need to be exempt.

# The Amendment

Section 1: The Broad Base - National Sales of Goods, Services & Financial Transactions Tax™ Amendment (NSSTT) will apply to all citizens, non-citizens, businesses, organizations, and/or enterprises residing and/or operating within the United States or United States Territories.

Section 2: Establish NSSTT for collecting federal taxes at the lowest possible rate. Taxes will be collected at a rate of 5% or less on all sale of goods, services, and financial transactions in the United States (Excluding internal money/funds transferred in personal or business financial accounts e.g bank accounts, etc).

Section 3: Repeal and replace the 16th Amendment and abolish all federal taxes, all current tax laws, associated regulations; such as income tax, estate tax, capital gains tax, excise taxes, tax exemptions, deductions, and any/all other current taxes or laws not limited to this list.

# The Amendment

**Section 4:** It will forever be prohibited to have different tax laws (to favor or disfavor) for any citizens, non-citizens, businesses, organizations, and/or enterprises residing and/or operating within the United States or United States Territories.

**Section 5:** The NSSTT will only collect enough taxes to balance the federal budget. The federal budget will be derived by no greater than 5% of the Total Economy of all Sale of Goods, Services, and Financial Transactions (TESST) or not to exceed a federal budget cap of \$5 trillion or to be determined. The rates may fluctuate as revenue is needed and/or the TESST rises or lowers. The tax rate will never exceed 5% of the TESST unless by a 2/3 vote in both Houses and except for approved national emergencies. Some industry rates may be adjusted as needed to not create an undue burden that would drastically affect, destabilize, or punish that segment of business or economy.

**5-1:** Optionally, if the collection of taxes exceeds the Federal Budget Citizens Goods, and Services would be eligible for exemptions. Eventually with the goal of Citizens will pay no Federal taxes.

# The Amendment

Section 6: This law does not apply to money/funds transferred inside a citizen's and non-citizen's direct family or a single business's, a single organization's, and/or a single enterprise's financial accounts residing and/or operating within the United States or United States Territories in the federally-regulated bank or financial accounts.

Section 7: Abolish all felony tax punishment, except malicious tax fraud.

Section 8: Taxes will automatically be collected/deducted through bank deposits by the Federal Reserve System. All taxes collected will be overseen and managed by the Internal Revenue Service. Collection procedure; upon purchase of goods, services, or financial transactions the provider/reseller will add the NSSTT rate. The provider/reseller makes the deposits to the bank. The bank automatically deducts the NSSTT rate. At the end of every business day, the bank sends the collected taxes to the Federal Reserve, in the care of the IRS. The only forms will be a deposit slip and deposit receipt. All deposits will require a Standard Industrial Classification - SIC Code.

# The Amendment

**Section 9:** All citizens, non-citizens, businesses, organizations, and/or enterprises residing and/or operating within the United States or United States Territories will be required to maintain a current U.S. bank account for deposits of all sale of goods & services, and financial transactions. This is not to be construed as that cash and credit card transactions will be illegal.

**Section 10:** The NSSTT is a system that eliminates late or delinquent taxes. Taxes are directly collected by the Federal Reserve every day from daily deposits of all sales, services, and financial transactions. The NSSTT is self-enforcing. If the NSSTT is omitted or not collected by the provider/reseller when the sales, services, and financial transactions are rendered, the NSSTT will be automatically deducted from the provider's/reseller's deposits with no exceptions.

# The Practicality of Taxes

## Citizens Tax Bill of Rights

### Amendment Overview

Citizens demand that the burden of taxes be equally and evenly spread across all segments of our society so as to never favor any Citizen, group, organization, business, or enterprise. A neutral, non-regressive, non-progressive, apolitical, nonpartisan, and sole/single system.

Just one tax system a Broad Base - National Sale of Goods & Services, and Financial Transactions Tax.

Never again shall Income, Property, and Wealth be Taxed.

Taxes will never invade the privacy of Citizens.

Taxes will never punish, penalize, or incarcerate any Citizen.

Taxes will be the lowest tax rate possible to have little or no effect on our economy.

Taxes will be limited to the least amount of laws, rules, or regulations.

Automatic with no forms, no deadlines, no penalties, no regulations, no other taxes.
